

Butter Buds[®]

Natural Butter Concentrates

**The richness of butter.
Natural, healthy, cost effective.
This is Butter Buds[®].**

Imagine a rich, natural butter concentrate that can add flavor and reduce cost while improving your product's nutritional profile. How does it work? Butter Buds[®] is made from real butter. Enzymes unlock butter's hidden potent flavor resulting in a family of powdered products containing as much as 80 times the flavor strength of butter. Typical usage levels are less than 1 percent. Fat contribution is negligible yet product flavor is enhanced.

Butter Buds[®] can be used in a wide variety of foods to replace butter which saves costs. Butter Buds[®] also works to mask off-flavors, round out harsh notes, enhance flavors and improve mouthfeel.

Butter Buds[®] not only tastes great but looks great on your label. Declared as "Natural Butter Flavor," Butter Buds[®] are also Kosher  and Halal certified.
